## Appendix 1 – Studentships

The terms and conditions outlined above also apply to postgraduate studentships that are associated with a holder of a Royal Society Award (the Award Holder). In addition, the following terms and conditions are specific to those grants on which a studentship is funded.

### 1. Supervision of Students and Annual Reporting

- a. Students will be supervised by the Award Holder.
- b. If requested, the Award Holder and/or the Host Organisation will provide the details of any students supported through the Award.
- c. Where the Award Holder has not previously supervised a PhD student, additional supervisory or tutorial support will be arranged for the student by the Host Organisation.
- d. Progress on the studentship should be monitored by the Host Organisation through the normal institutional arrangements. It is expected that as part of these arrangements, the student will be subject to a viva at the end of the first year and that continuation of the studentship will be subject to successful performance at this point.
- e. Upon request, research students are expected to submit a Report to the Society outlining their progress of their PhD studentship. It is the responsibility of the Award Holder to ensure that the Report has been submitted. Failure to submit the Report within 30 days of the due date may result in further funding for the studentship being withdrawn.

### 2. Responsibilities of the Host Organisation

- a. It is the responsibility of the Host Organisation to select, administer and supervise the postgraduate student throughout their studentship. The Host Organisation must register the candidate for a PhD studentship. The Host Organisation must ensure that the PhD student receives no less favourable support, benefits and conditions than other PhD students in the organisation.
- b. The Host Organisation must ensure that adequate facilities and resources are made available for the research training.

- c. It is the responsibility of the Host Organisation to ensure that a safe working environment is provided that meets the requirements of Health & Safety legislation, and any other legislation concerning the health, welfare and rights of students, including the Data Protection Act.
- d. The Host Organisation must ensure that the student's project is within the funding remit of the Society.
- e. The Host Organisation must ensure that the research supported by the Award complies with all relevant legislation and Government regulation, including that introduced while work is in progress.
- f. In the event that the student appointed is an international student, it is the responsibility of the Host Organisation to meet any differences between home and international fee levels as well as ensure that appropriate arrangements are made with respect to acquiring the appropriate visa.

### 3. Studentship Funds

- a. The Host Organisation is responsible for ensuring the proper financial management of the studentship. Host Organisations are expected to take reasonable steps to recover monies paid to students in advance who leave or whose studentship is terminated. Any money not recovered cannot be charged to the Award.
- b. Studentship funds may be used for student stipends, University fees and, if awarded, project related research costs and the costs of research training (for example, travel and conference attendance).
- c. The value of the studentship may be varied by the Society during the lifetime of the studentship.
- d. Award funds cannot be used to meet the costs of any activity that will fall beyond the actual end date of the studentship without prior written permission of the Society.
- e. Studentships may be held on a part time basis but should not run beyond the end date of the Award Holder's award under which the studentship was awarded.

- f. In the event that the research student does not complete the PhD, no further payments will be made to the Host Organisation with respect to the PhD studentship.

#### **4. Extensions, Suspensions and Terminations of Studentships**

- a. It is the responsibility of the Host Organisation to make suitable arrangements for dealing with absences of students for illness, parental leave, adoptive leave, extended jury service and holidays.
- b. The Host Organisation must ensure that it informs the Society of unauthorised absences by students, so that future payments may be stopped and those already made in advance can be recovered.
- c. The period of a student's support may be extended at the Host Organisation's discretion to offset a period of genuine absence.
- d. In the event that the Society's public funding is reduced or withdrawn by Government or if private sources of funding are reduced or withdrawn, we reserve the right to terminate any awards with no liability for any further Fellowship, Award or Studentship payments or for any payment of redundancy pay or any other compensatory payment for the dismissal of staff funded by the Award. The Host Organisation will fully indemnify the Society in respect of any claims brought against the Society in this regard.

#### **5. Student Transfers**

- a. In the event of an Award Holder (i.e. the student's Supervisor) moving Host Organisation, it is the responsibility of the Host Organisation to provide alternative supervision of the student. If the student wishes to transfer Host Organisations with the Award Holder then agreement between the Host Organisations concerned must be arranged and agreed, and the Society informed well in advance. Arrangements for such a transfer will include transfer of the relevant funds.
- b. The Award will not be amended to take account of the transfer of a student from one Host Organisation to another, or from one department to another within the Host Organisation.

- c. The Society should be notified in writing of Award Holders or students whose Awards have been terminated.

- d. All Award transfers or extensions require written approval from the Society in advance of being formally agreed by the Host Organisation, so that appropriate arrangements can be made for transfer of funds.

## Appendix 2 – Subsidy Control

- a. The Award is awarded as in accordance with Section 36 of the Subsidy Control Act 2022 (referred hereafter as the Act) which enables the Host Organisation to receive up to a maximum level of subsidy without engaging the subsidy control requirements (with the exception of the transparency requirements for subsidies over £100,000) under the Act (“Minimal Financial Assistance”). The current threshold is £315,000 to a single enterprise over the elapsed part of the current financial year and the two preceding financial years (“the Applicable Period”).
- b. The Host Organisation acknowledges and accepts that the relevant limit for Minimal Financial Assistance comprises other Minimal Financial Assistance, Services of Special Economic Interest Assistance (as defined under the Act), Small Amounts of Financial Assistance given under Articles 364(4) or 365(3) of the UK-EU Trade and Cooperation Agreement, and De Minimis State Aid (“Exempt Subsidy/Subsidies”), irrespective of whether such subsidy or aid was provided by other public authorities and their agents, related to other projects or was made by means other than grants (for instance, foregone interest on loans) awarded to the Host Organisation over the Applicable Period.
- c. The Society has provided the Award Holder and Host Organisation with a Minimal Financial Assistance notification in the Letter of Offer. The provision of this Award will be conditional upon the Award Holder and Host Organisation providing the Society with the Minimal Financial Assistance declaration form confirming how much Exempt Subsidy if any, it has received in the Applicable Period.
- d. The Society may not pay the Host Organisation the Award if, added to any previous Exempt Subsidy the Grant Recipient has received during the Applicable Period, the Award causes the Host Organisation to exceed the relevant limit for Minimal Financial Assistance.
- e. For the purposes of the Minimal Financial Assistance declaration:
  - i. the financial year means a period of 12 months ending 31st March;
  - ii. an enterprise means the enterprise that receives, or would receive, minimal financial assistance; and
  - iii. subsidy is subsidy granted to a single enterprise, which may include legal entities separate to the Host Organisation (such as current or former subsidiaries).
- f. The Host Organisation must retain the Conditions of Award, Letter of Offer and the completed Minimal Financial Assistance declaration form and produce it on request by the Society.
- g. The Host Organisation acknowledges that it is their responsibility to read the Subsidy Control Act 2022 in its entirety, and to seek advice (including legal advice) on its application to Host Organisation’s business if appropriate.
- h. The Award Holder and Host Organisation acknowledges that the Society and Host Organisation are jointly and severally responsible for maintaining detailed records with the information and supporting documentation necessary to establish that all the conditions set out in these Conditions of Award are fulfilled.
- i. The Host Organisation agrees to keep a written record detailing that it has received a subsidy by way of Minimal Financial Assistance, the date on which it was given and the gross value amount of the assistance and must keep this record for at least three years from the given date.
